Capability Statement

Mission Statement

At Honest Components, we are committed to ensuring the security and longevity of your supply chain through trusted sourcing, rigorous authentication, and unmatched customer service.

Core Competency

Honest Components is a certified Woman-Owned Small Business (WOSB) and independent supplier of obsolete and hard-to-find electronic components. We specialize in active, passive, and electromechanical parts serving the Industrial, Commercial, Military, Medical, Automotive, Aerospace, and Government sectors.

What Sets Us Apart

- Zero-Cost Lab Testing: We cover the cost for Global ETS, an ISO/IEC 17025:2017 and AS6171 accredited lab, to authenticate every order.
- Certified Excellence: ISO 9001:2015 and AS9120B certified, ITAR registered, and a member of GIDEP.
- Trusted by Industry Leaders: Voted Top 10 Electronic Component Distributors 2024 by Semiconductor Review.
- Unmatched Integrity: We only source original material, using vetted global suppliers.
- Comprehensive Testing Capabilities: AS6081, CCAP101 compliance.

Manufacturers We Supply

Major Brands: AMD, Intel, Analog Devices, TE Connectivity, Vishay, Xilinx, STMicroelectronics, Texas Instruments, NXP, Omron, Panasonic, Toshiba, Renesas, Broadcom, Micron, Samsung, Maxim Integrated, Infineon, Microchip, and many more.
